CTO SCHEDULE

From the perspective of:

Dr. Kari Murphy, Chief Technology Officer for Deer Park ISD

TCEA Convention Advisory Panel

I am a multi-tasking, lifelong-learning CTO who is always looking to the future. I want to make sure our DPISD Technology team can meet the teaching and learning needs of our "clients" – students and teachers– both now and for years to come. I do not like missing out on learning and fun! You will see overlaps in my schedule below as I try to move from session to session, soaking it all in and cheering on my colleagues and staff members! I have also reserved some time to swap stories and catch up with my TCEA friends and the invaluable vendors who support us all.

The sessions I chose are varied as I support presenters from Deer Park ISD and my friends Sheryl Abshire, Karla Burkholder, Janet Corder, Joan Gore, Frankie Jackson, and Leslie Fisher.

I generally try to attend all general sessions to hear from renowned speakers. I am also planning to attend forward-thinking sessions as I continue to plan for the future of technology in DPISD.
