CTO SCHEDULE

From the perspective of:

Miguel Guhlin, Director of Professional Development for TCEA

TCEA Staff Member

CTOs have big jobs. As a former technology director, I know you are continuously seeking ways to maximize the impact of technology benefits and investments in your K-12 school setting. TCEA is offering exciting sessions that broaden awareness of must-know topics for CTOs and Technology Leaders.

With this mock schedule, I focused on sessions covering future ready, professional development and coaching, cybersecurity, leadership, and a variety of important digital tools. A schedule like this one is built to give you a top-notch learning experience to impact your school or district for years to come.
