

CURRICULUM AND INSTRUCTION SCHEDULE

From the perspective of
Kim Lohse, Assistant Superintendent of Innovation and Information
IDEAcon Committee Member

I am an Assistant Superintendent interested in learning more about the design and implementation of innovative learning opportunities for both students and teachers. I am looking forward to viewing live sessions throughout the conference, but most excited about the flexibility the on-demand sessions provide so that I can view them based on my own schedule.

I chose these sessions because we are always looking for ways to enhance our students' learning opportunities and improve the professional development in our school district. With presenters like John Hattie, Tom Murray, Ken Shelton, Mike Lubelfeld, and more- you can't go wrong!
