

LEADERSHIP / ADMINISTRATOR SCHEDULE

From the perspective of Myra
IDEAcon Committee Member

I am a Technology Director in a small suburban district on the south side of Chicago and balance IT, student data, and technology training. I am looking forward with connecting from educators and district/campus leaders across Illinois and Texas and sharing experiences in each of our districts. I will be spending time viewing lives sessions and viewing pre-recorded sessions in the afternoons and evenings.

TCEA + IDEACon have a fantastic lineup of sessions focused on topics CTO/District Technology leaders are talking about every day. Sessions by Ken Shelton, Teresa Lance and Thomas Murray allow CTOs and District Leaders to take a deep dive into the issues concerning Ed Tech and our students and how we can work to create future ready schools to meet all of our students needs.
