

LIBRARIAN / MEDIA SPECIALIST SCHEDULE

From the perspective of David Chan

IDEAcon Committee Member

I am an Instructional Technology Director that oversees the libraries and media centers at our school. We are currently in remote learning with a return to hybrid and hopefully all in-person learning in 2021. I am interested to learn how school libraries and librarians have adapted during the pandemic and ideas that will be shared about our transition back to in-person learning. I will likely be watching many of these sessions in the evenings and weekends.

I love sessions where students or student work are shared and highlighted. I am excited to learn with Mr. Stumpfenhorst about Future Ready Libraries and SEL in the Library as well as Ms. Miller on how to bring Literacy to Life through Making and Technology.
