

## MATH TEACHER SCHEDULE

From the perspective of  
**Dr. Bruce Ellis, Director of Professional Development for TCEA**  
*TCEA Convention Advisory Panel*

I support K-12 teachers in my district and share ideas with them of how to use technology in their classroom. It's easy for me to find resources for ELA, science, and social studies teachers so I'm really looking for sessions that will inspire my math teachers with ways of using technology in the classroom with their students.
